

Cylinder

Pendant and surface

Designed for visual comfort and engineered for performance, the combinations are endless with CY series from DKT Lighting.

Cylinder Portfolio Design for success

OKT Lighting offers several collections of architectural cylinder that can add rhythm, beauty and creativity to the ceiling plane.

With their sexy aesthetics and uniform soft illumination, they allow you to enhance modern interiors, including offices, restaurants, hotels and high-end residential projects.

CYLINDER, PENDANTS

These models blend timeless aesthetics and high-performance COB LED to create pleasant, uniformly illuminated indoor environments.

Engineered for superior visual comfort, they come in a variety of beam options, with a full range of trim and mounting options. Our collection of cylinders ensure a high level of lighting design flexibility in commercial and institutional applications.

Feature

- **Modular Design:** up to 100,000 unique combinations
- **COB LED Chip:** 80+ standard, 90 CRI option
- **Beam Angle :** 15°, 24°, 36°, 60° options
- **Architectural Form :** 4", 6" and 8" with multiple trim options
- **Wattage Selectable:** 90~105 lm/w
- **Dimming:** 0-10V (10% standard, 1% option) or TRIAC
- **Mounting :** pendant or surface

A Winning Combination

Architectural LED Cylinder Family At A Glance

OKT Lighting offers numerous cylinder lighting options that complement our pendant and surface mounted lighting platform, while providing a consistent aesthetic. Performance and beauty are both in play with our sleek and sexy architectural cylinders.

A SOLUTION FOR EXPOSED OPEN CEILING

OKT's cylinder is specifically designed for use with surface mounted conduit and junction boxes on ceilings where recessed lighting is not possible. Perfect for lofts, offices, and open architectural spaces.

If standard 4" octagonal J-box is surface mounted, a $\varnothing 5.97$ " round x 2.38" deep canopy with conduit cutout is provided for mounting. Conduit cutout canopy has 4 key slots, one in each side, and can be configured to accommodate any ceiling layout using $\frac{1}{2}$ " or $\frac{3}{8}$ " conduit. Conduit cutout canopy is provided white and black powder coat painted finish.
